4 Space UCP Series Frame Kit

FK4

SKU: 23080 UPC: 65674700754

This FK4 4U UCP Series Frame Kit with Hardware from Middle Atlantic allows for rear access to your modules. This unit features captive thumbscrews that keep the frame closed. The kit comes complete with a pair of threaded FK bars and all mounting hardware. It occupies 4U (7") of rackspace. When completed, all hardware is flush to create a professional appearance with no unsightly gaps. Visible parts have a black brushed and anodized finish. All modules are 8" thick aluminum.

Features

- Allows for Rear Access to Modules
- 2 x Threaded FK Bars
- Mounting Hardware Included
- Small Profile
