

22/4 Solid FPLR Alarm Wire 500' Coil Pack -

22/4FPLR-COIL

SKU: 10216 UPC: 810070012335

4C/22 AWG SOLID FPLR PVC Fire Alarm Cable COIL PACK- 500 FT

Applications:

Power limited fire alarm and communications cable for Riser and Non-Riser applications. Fire Alarm, Fire Protective Circuits, Smoke Detectors, Monitor/Detection, Signal, Control Circuits, Initiating Circuits, and Notification Circuits.

Feature

- 22 AWG Solid Conductor
- Coil Pack
- Impedance : 86 Ohms
- Certified: UL CL2R/CMR OR FPLR
- Flame Rating: Riser

Includes	(1) 22-4 Solid FPLR Fire Alarm Wire Cable Unshielded Riser Red 1000ft 500ft
Rated temperature	60°C
	22 Gauge 4 Conductor Solid Bare copper conductors PVC w/sun resistance, ripcord and sequential footage marking Foam Polypropylene insulation Cabled construction 300V operation Used for wiring fire alarm systems, smoke detectors, signaling, and fire protective circuits
Color Code	Black, Red, White, Green
Applications include	Power limited fire alarm and communications cable for riser or non-riser applications.
Approvals	UL Type FPLR, NEC Article 760, California State Fire Marshal
Part#	SCP-22/4FPLR-500
