

Alarm Flood & Freeze Sensor

B07M943G7L

SKU: 157665 UPC: 842861103229

Ring Alarm Alarm Flood & Freeze Sensor Stay ahead of water damage and protect your home from severe and costly repairs. Simply connect the Alarm Flood and Freeze Sensor to your Ring Alarm Security Kit (sold separately). Then place the Sensor on the floor near sinks, bathtubs, showers, refrigerators, freezers, washing machines, dishwashers, water heaters, water coolers, toilets, basements and any other sources of potential leaks. You'll get notifications when water is detected or when the temperature drops below 40°F.

Features

- Easy setup through the Ring App.
- Compatible with iOS and Android devices.
- Connects via Z-Wave (250-ft range to Base Station).
- Battery life of 3 years. Batteries are replaceable.
- *Requires the Ring Alarm Security Ki
