

2 Space UTB Series Universal TechBox

UTB-HR-A2-14

SKU: 69231 UPC: 65674726731

The UTB Series Universal TechBox™; is a low-profile, unique solution for discreetly mounting equipment within meeting spaces. Providing secure rackmount capability right where you need it, the UTB Series is ideal for storing all-in-one presentation and control solutions underneath a table surface in small to mid-sized huddle spaces, conference rooms and other collaboration environments. The simple, easy-to-install design offers the flexibility to expand from 1 to 2 rackspaces while also providing small device mounting.

Features

- Low profile design provides a clean and unobtrusive look with the versatility to mount horizontally or vertically and is easily installed in three steps: mount the top to the chosen surface, integrate the equipment and secure the bottom piece to the top without the need for tools
- Expandable design is height-adjustable from 1 to 2 rackspaces and is field-configurable with all necessary hardware and accessories for both sizes
- Prevents users from tampering with equipment, securing their settings and cable connections
- Ideal for mounting equipment such as the Crestron 3-Series® 4K DigitalMedia™;Presentation System 150 and other streaming solutions, small devices and switchers and interface accessories for audio, video and/or HDMI®
- Available in two widths – traditional 19" rackmount and Half Rack width
- 14" overall depth
- Includes pairs of rackrail and front and rear covers in both 1RU and 2RU sizes
- Designed for both rackmount and non-rackmount equipment
- Patented pattern accommodates small device mounting, compact surge protection and cable tie down
- Cable management system secures cables and further limits user access to connections
- Vent pattern designed to optimize heat removal
- Front and rear keylocks and security screws included
