

Just Add Power

Ultra Series 4K Standard Encoder (Transmitter)

UL-707POE

SKU: 61665 UPC: 683615347304

The Just Add Power 3G High Fidelity Transmitter supports all lossless audio formats - including Dolby Atmos - as part of the UltraHD over IP line of products.

Distribute 4K video and lossless audio over a single Cat5e cable to every zone with the 3G High Fidelity Transmitter. The 707POE encodes a 4K or lower-resolution source device into an IP signal and sends it over the network with ultra-low latency and instant switching; along with all the 4K system wide features from the 3G Ultra product line.

Mix-and-match with the 3G+AVP Transmitter to distribute any audio format to any zone

Features

- Encodes a 4K or lower source device into IP & sends over the network
- Supports HDCP 2.2
- 23 ms ultra low latency
- Image Pull
- Instant-Seamless switching
- PoE
- Supports multi-channel including high-resolution digital audio formats
- RS232 or IR* control of sources
