Glassbreak Shock Sensor

ASC-SS1

SKU: 170003 UPC: 781410181755

The ASC-SS1 shock sensor protects all types of glass: plate, wired, tempered, and laminated. The sensor will protect the glass within an 8 feet radius from the sensor for glass up to 1/4 inch thick. The ASC-SS1 mounts directly to the glass surface and is wired to a two wire powered protective loop.

Features

- Mounts directly on glass surface
- Protects all glass types: plate, tempered, laminated and wired
- Outstanding false alarm immunity
- Epoxy sealed against moisture and corrosion
