

Maestro 600 VA Magnetic Low Voltage Dimmer - Snow

MSCLV-600M-SW

SKU: 33926 UPC: 275578041964

Lutron Maestro Magnetic Low Voltage Single Pole/Multi-Location Preset Smart Dimmer

The Maestro Wireless solution incorporates Maestro Wireless load controls, wireless sensors, and wireless remote controls, which provide a system that delivers energy savings, convenience, and ease of installation.

Maestro Wireless dimmers and switches use Lutron patented Clear Connect RF Technology, which enables wireless communication with Radio Powr Savr sensors and Pico wireless controls for light control and general switched loads.

Features

- 600 VA (450 W) Single Pole/Multi-Location
- Lutron patented Clear Connect RF Technology works through walls and floors.
- Incorporates advanced features such as fade ON/fade OFF, high-end trim, and rapid full-ON.
- LEDs indicate light level and glow softly in the dark
- Delayed off provides light as you exit the room
- Light levels can be fine-tuned by pressing and holding the dimming rocker until the desired light level is reached.
- When ON, press and hold to engage 20-second fade to OFF.
- Coordinating Claro, Satin Colors, and Stainless Steel wallplates only available separately

Sub Brand: Maestro Application: Lighting Control Type: Digital fade dimmer, multi-location/single-pole Color: Mounting: Wallbox Voltage Rating: 120 V Wattage: 450 W Actuator: Tapswitch Connection: Screw terminals Gang: Frequency Rating: 60 Hz Standard: UL, CSA, NOM, ISO 9001 Operating Temperature: 0 to 40 degrees Celsius Special Features: Controls 600 VA (450 W) magnetic low-voltage loads. Provides true dimming from each location (with companion dimmers).
