

TUXEDOW 7" Tuxedo Touch Security and Smart Controller

TUXEDOW

SKU: 170104 UPC: 194160000786

Resideo's Tuxedo Touch® Controller is an innovative 7" color touchscreen keypad with smart control that helps dealers increase system add-on revenue, drive additional RMR and reduce attrition. Users can control thermostats, lights, locks, doors, garage doors and more with either 500 or 300 Z-Wave® series peripherals, as well as recording and viewing IP cameras directly on the display or through Resideo Total Connect. The Tuxedo Touch Controller supports up to 232 Z-Wave devices and up to 8 IP cameras, where four can be viewed at once on the display, making it ideal for small and medium-sized business (SMB) applications.

Features

- 232 Z-Wave® 500 series controller built in
- 8 IP cameras viewable directly on display—single or quad (4 cameras) view
- High-resolution 7" TFT display 7" WSVGA, 1024 x 600
