Small Back Box for Illumivue IP Turret Cameras

SMALL-BACK

SKU: 174222 UPC: 81993201299

Introducing the Illumivue SMALL-BACK Small Back Box, the perfect accessory for your Illumivue IP turret cameras. Designed to enhance functionality and provide optimal protection, this back box is a must-have addition to your surveillance system.

Built to last, this back box boasts exceptional durability and sturdiness. Constructed from robust materials, it provides reliable protection against harsh weather conditions, vandalism, and tampering attempts. Whether it's rain, snow, or extreme temperatures, you can trust the Illumivue SMALL-BACK to keep your valuable cameras safe and secure.

Installation is a breeze with the Illumivue SMALL-BACK. It features a user-friendly design that simplifies the mounting process, saving you time and effort. The back box comes with pre-drilled holes and compatible hardware, ensuring a hassle-free setup. You'll have your cameras up and running in no time, providing surveillance coverage for your property or business.
