

Removable Telescoping Service Stand for AXS Systems

TS1640

SKU: 14244 UPC: 65674702247

Middle Atlantic TS1640 Removable Telescoping Service Stand for AXS Systems is a key tool for keeping servicing tracks on an even plane as the racking system is pulled out for service. Use with racking systems that are set inside steel enclosures. The AXS service stand has an adjustable height of 16-40".
