Vista-20P Security Kit - Intrusion Home

V20P/6160RF-Kit

SKU: 72676

## Kit Includes

- Vista-20P Control Panel
- 6160RF 32-Character Alpha Keypad with Integrated Receiver
- 467 12V Lead Acid Battery

The VISTA-20P control panel is a high-capacity, feature-rich smart home security hub that lets you deliver more value to your customers. With up to 48 zones of protection, graphic keypad support and dual partitions, the VISTA-20P control panel gives your customers the ability to send alarm signals and upload/download via an Internet Protocol (IP), improving the speed at which information can be delivered to and from their VISTA® security devices.

## Features

- IP alarm reporting and uploading/ downloading via iGSMV4G, 7845i-ENT, GSMV4G or GSMX4G
- Supports four graphic touchscreen keypads
- Eight on-board hardwired zones or 15 with Zone Doubling feature
- Two low-current on-board trigger outputs
- Event Log viewable at system keypad with time/date stamp
- 48 system user codes assignable to either partition
- Two independent partitions plus a common partition
- 16 output devices
- Four configurable zone types allows the installer to create custom zone types by assigning all zone attributes
- Works with Sentrol CleanMe maintenance signal supporting four-wire and up to 16 two-wire smokes
- Multiple actions on output devices depending on system state
- Built-in phone line cut monitor with programmable delay and annunciation options
