

Power Supply Module, 100W AC

RPS-AC-100W

SKU: 115765 UPC: 810354029080

Designed for use with the GPON Optical Line Terminal, the RPS-AC-100W AC/DC Power Module from Ubiquiti Networks can be inserted into the secondary power bay as a backup power source.

Backup Power

The second power bay of the GPON Optical Line Terminal can house a backup power module. If the UF-OLT detects failure of the primary power module, the backup module automatically activates to supply uninterrupted power.

Features:

- Compatible w/ GPON Optical Line Terminal
- Backup Power Module
