

4 Space VWM Series Low Profile Wall Rack w/ Plexi Top

VWM-PD-4-36K-PW

SKU: 69373 UPC: 65674729160

With a low-profile, patent-pending design, this pre-configured VWM Series Wall Cabinet is ideal for vertically mounting deeper equipment in a “knobs-up” orientation with 4 spaces and 30” usable depth. It includes everything needed for a simple solution, but also can support additional customization in Lever Lock™; small device mounting within the cabinet and/or on the door, thermal management, cable management and power distribution for a complete system that ensures uptime and reliability on the wall.

Features

- 4 spaces and 30” of usable depth for vertical “knobs up” equipment mounting
- Rackrail features both 10-32 thread and cage nut
- Flexible position spaces to mount the rackrail where it’s needed
- Split door with hinged plexiglass top that enables end-user access to controls and visibility
- Both door and hinged top are lockable and keyed separately for security
- Laser knockouts on the top, bottom and sides for cable entry and thermal management
- Integral electrical box simplifies power distribution
- Finished in a durable putty colored powder coat

Rack Rail Type	10-32
Number of Rack Spaces	4 RU
Usable Depth	27.8 in
Width	25 in
UL Load Capacity	150 lbs
Door Type	Plexi Door
