

30 Space Plastic Cable Duct, Single Channel, 2 x 3"

PCD-2-3-30SC

SKU: 68204 UPC: 65674711454

The PCD-2-3-30SC from Middle-Atlantic is a 30RU plastic cable duct designed to protect, route, and organize cables in a standard 2-post or 4-post open frame equipment rack. It has a slotted finger design to allow horizontal cable access, and the fingers can be easily removed for additional capacity. It protects the cable bend radius and is perfect for low-to-medium density installations. This duct is 2" wide and 3" deep, and is designed for single channel applications. Mounting hardware for rack installation is included.

Features

- Compatible with 2-post and 4-post open frame equipment racks
- Slotted finger design for horizontal cable access
- Fingers can be removed for additional capacity
- Protects cable bend radius
- Mounting hardware included
