Features

- **Wireless Whole-Home Audio** Play your favorite music wirelessly in stereo throughout your home for a seamless, multi-room listening experience. Whether you want to listen to the same song or play different songs in each room, the Denon Home 250 lets you enjoy your music how you want it, with the Hi-Fi quality sound you expect from Denon.
- **Denon Sound Quality With advanced acoustic hardware**, expertly tuned DSP and premium full-range drivers, the Denon Home 250 delivers amazing, expansive sound for your Hi-Res and wireless collection.
- **Hi-Res Audio**, Without the Hi-Fi System Enjoy music with superior detail and precision. With HEOS Built-in, the Denon Home 250 stereo speaker supports Hi-Res ALAC, FLAC and WAV files up to 192kHz/24-bit, as well as DSD 2.8MHz and 5.6MHz tracks. Listen to your HiRes collection with the accuracy and attention to detail your music deserves
- **3 Quick Selects to Store Your Favorite Stations** With 3 quick select buttons, easily store your favorite internet radio stations to enjoy when you want without the hassle of searching or looking for your smart device to change.
- **Apple AirPlay 2** Use AirPlay 2 to stream Apple Music wirelessly to the Denon Home 250, or group with other AirPlay compatible speakers to fill your home with music.
- **Alexa Built-in** Thanks to the built-in microphones*, the Denon Home 250 places Alexa in the middle of your living room. Directly ask for your music, control the volume and audio levels, or skip tracks and more with just your voice. *Voice features are only enabled on user request. Mics can be disabled any time.
- Works with Google Assistant Ask your Google Assistant speaker or phone to stream
- **HEOS Built-in Multi-Room Experience With HEOS Built-in**, play the same song in every room or select a different song for each connected room — the choice is yours. With additional Denon Home speakers, sound bars, network players or AV receivers with HEOS Built-in, easily play all your music in multiple rooms from your favorite music service or source.
- **Stereo Pairing Capable** Listen in true stereo. Using the HEOS app, group two Denon Home 250 speakers and designate them as a stereo pair, such that one plays the left channel and the other plays the right channel. Denon Home 250 speakers work as left and right speakers to provide a Hi-Fi quality system in a much smaller footprint.
