

2-Gang Cable Passthrough Plate - Ivory

45-0015-IV

SKU: 173955

The Cable Plate with Flexible Opening is used to install low voltage cables behind your flat panel TV, your amplifier or other audio video devices. This Cable Plate allows you to pass low voltage cables through the wall, while keeping the opening in the wall covered. Mounting wings are molded into the media plate and fasten tightly against the back of the drywall, eliminating the need for a low voltage mounting bracket.

Features

- 2-Gang holds up to 12 cables
- Low profile design fits behind the industry's thinnest mounts and TV's
- Conceal multiple low voltage cables behind your flat panel TV
- Available in 4 colors: black, ivory, lite almond, white
- Quick and easy to install
- Mounting wings are molded into the media plate and fasten tightly against the back of the drywall
- No low voltage mounting plate or old work ring required
- No additional parts necessary
