

## Just Add Power

Omega Series 1080p Encoder  
(Transmitter) w/ USB, Stereo Port, &  
HDMI out

OM-715POE

SKU: 63977    UPC: 683615347342

The Just Add Power 2G+/3G+ Transmitter combines the enhanced audio and feature-set of the 3G system with the maximum 1080p resolution of 2G devices. 2G+/3G+ devices can be installed in 2G and 3G systems. In 2G systems, a 2G+/3G+ Transmitter is a direct replacement to a 2G+ Transmitter and functions just like a 2G+ device. In 3G systems, 2G+/3G+ Transmitters provide a lower-cost solution for sources that output 1080p resolution or lower.

Build a future-proof infrastructure. Just Add Power 2G+/3G+ integrates seamlessly with both 2G and 3G. Build a 2G+ system with 4K expansion plans or mix-and-match with 2G+ on 1080p sources and 3G on 4K sources!

### Features:

- Full HD 1080p video supported
- Encodes HD video signal
- All lossless audio supported - including Dolby Atmos
- Integrated RS232 port for distributed remote control (3.5mm Port)
- Optional IR Output with Flux
- Image PUSH, PULL and Pop supported
- CEC Control
