

## Maestro Electronic Low Voltage Smart Dimmer - Taupe

MSCELV-600M-TP

SKU: 33828    UPC: 275578027418

Take your indoor lighting to the next level with Lutron's multi-location dimmers. Each switch allows you to customize your settings, including the ultra-convenient two-tap on switch that automatically turns the lights to your preset brightness. The Lutron MSCELV-600M allows for dimming from up to 10 locations when used with the Lutron MSC-AD model in place of regular three-way and four-way switches.

### Features:

- Available in 20 colors
- Requires Lutron Claro wallplates to complete installation (sold separately)
- Front accessible service switch (FASS)
- Power failure memory
- Electronic discharge tested
- One-year warranty
