

Just Add **Power**

3G+ WP4 Wallplate Transmitter (Grey)

VBS-HDIP-718WP4-GREY

SKU: 62170

The Just Add Power 3G+ 4-Gang Wallplate Transmitter fits into a 4-gang construction box and provides multiple video and audio inputs and outputs for the UltraHD over IP line. It also includes a Dolby Digital Sound Processor to distribute Dolby Digital 5.1 audio to every zone and transform to stereo audio for 2-channel zones.

Just Add Power UltraHD over IP integrates seamlessly with 1080p infrastructure – keep the switch, cabling, and driver! Add 4K to current 1080p systems, or build a new 4K system.
