

SAVANT

Ascend Low Voltage 5 Button Keypad - Snow White

WFB-SWLV05-00

SKU: 177800 UPC: 863184002907

The Savant Ascend Low Voltage 5 Button Keypad offers three buttons of full control plus up/down capabilities for lighting level and shade control. The top three buttons can be engraved and configured to control individual loads, or activate scenes including lighting, shades, climate, AV and other services. Single gang faceplate and blank buttons included. Optional button engraving sold separately.

Features

- Nine LED Color Options, configured in Blueprint Lighting Manager
- Ambient Light Sensor - Detects the level of ambient light in the room and adjusts the brightness of the button backlights.
- Simple to configure and deploy using Blueprint Lighting Manager
- Ascend Keypads are shipped fully assembled for an easy install process if ordered through the Savant Lighting Designer Tool.
