

15A Power Strip, 6 Outlet

PDT-615C-NS

SKU: 43655 UPC: 65674719892

The Middle Atlantic PDT-615C-NS Thin Power Strip has 6 outlets. This high density Power Strip takes up minimal space inside a rack and features a thin, low profile design that allows for isolated ground configurability. It features a 9' cord termination with NEMA 5-15R outlets. The corded power strip includes 15A protection and mounting hardware. It features circuit breaker protection.

Features

Slim low-profile design requires minimum space
Lightweight aluminum chassis
J Box located at the bottom of the Power Strip
RoHS EU directive 2002/95/EC compliant
