

15A 8 Outlet Surge Suppressor Strip w/ SMP, LiFT and EVS

PST-8

SKU: 172418 UPC: 654061011897

Furman's Series Multi-Stage Protection (SMP) delivers the purest AC power and the most comprehensive protection available, going far beyond what is found in traditional surge strips. With Furman's Power Station Series, everyone can reap the benefits of unrivaled power purification and unequalled surge protection.

The PST-8 all feature Furman's SMP circuit which incorporates Linear Filtering Technology (LiFT) and a high current TVZ-MOV to insure that any electronic device (including televisions, projectors, CD-DVD players, or computers) is fed clean, filtered AC power. This dramatically reduces noise, ensuring consistent peak performance from your equipment.

Features

- SMP provides the highest level of protection available
- LiFT significantly reduces AC line noise
- E.V.S. protects equipment from dangerous overvoltage conditions
- Zero ground contamination circuitry assures the delivery of pure AC power thus protecting critical audio/video components
- Cable satellite and Telco connectors deliver advanced protection to connected equipment
- Sturdy Aluminum chassis

Line Voltage	120
Number of Outlets	8
Outlet Descriptions	All 8 outlets filtered and surge protected
AC Power Cord	8ft captive power cord with 36 degree NEMA 15 plug
Power Consumption	6 Watts
Over-Voltage Shutoff	135 VAC
AC Protection Technology	Extreme Voltage Shutdown
Dimensions	3.75" W x 17.75" D x 2.7" H
Maximum Current Rating	15 Amps
