

FURMAN

Incandescent Rear Rack Gooseneck Lamp

GN-I

SKU: 172459 UPC: 654061011651

All of the Classic Series II units are designed with a rear BNC connector to accommodate a GN-I for rear rack illumination. This flexible 12? inch lamp provides ample amounts of light and can be controlled by an on/off switch located on the front of the unit. In addition to their use with Furman Series II Power Conditioners, the versatile GN-LED will work with a variety of other products in various applications. The replaceable bulb provides for virtually indefinite use.

Features

- Locking collet male BNC connector
- 12 inches in length
- Powered by 12 VAC
- Replaceable bulb
