Enterprise Software License for Compass Control®, supports iOS and Android - 1 Unit

Compass Control®

- Compass Control® represents the first fully integrated major control system designed to use iOS and Android devices as its backbone.

Key Features:

- Required for activation of Compass Control® System on iOS or Android devices
- Marries with Device ID of each iOS or Android device
- Allows unique GUI creation for different devices across single project
- Transferable between devices
- Enables project upload and storage to/from Compass Control® cloud
- Provides **FREE** access to Compass Navigator® PC Editor for fast and easy system programming
- **FREE Technical Support** for C1 Certified Installers / Programmers

Compass Control® Training:

- All of our Authorized Compass Control® Resellers receive FREE Training.
- We have created an Online Training Course designed to introduce our dealers to Compass Control® .
- Compass Control® C1 course completion is required for all Authorized Compass Control® Resellers.
