42" Plastic Enclosure w/ No Cover

ENP4280-NA

SKU: 161680 UPC: 80442843401

Constructed with a robust wireless transparent ABS plastic material this lightweight low-profile enclosure is designed to integrate wireless devices into traditional structured wiring installations. The enclosure mounts easily for both surface and recessed applications.

The hinged door and trim ring ENP4260-NA may be purchased separately to complete installation during trim-out phase.

Features

- Made with ABS plastic the enclosure is designed to integrate wireless devices without interference
- Universal mounting grid maximizes compatibility with 3rd party products without additional brackets
- Top surface includes five 2" knockouts; rubber grommets available for purchase (AC1034)
- Bottom surface includes two AC receptacle box knockouts compatible with On-Q Power Kits (F7526 & 364569-02-V1)
- Bottom surface includes two 1 1/4" Knockouts and two knockouts for running fiber microduct
- UL Listed and constructed with highly durable ABS plastic material
- Compatible with both surface and recessed installation
- Proudly made in the USA
