PANAMAX

Analog Telephone 2-Line Module

MOD-AT2

SKU: 15451   UPC: 50616007696

For Analog Phone System Protection – 2 Lines DSL Modem Compatible.

- Designed to protect standard phone lines connected to computer modems, telephones, pay-per-view ports, etc.
- Protects DSL lines (ADSL, G.Lite) from going into the DSL modem.
- The MOD-AT2 module will protect a single phone line using an RJ-11 (2 wire) cord or a dual phone line using an RJ-14 (4 wire) cord.
