

Ultra Slim HDMI Cable - 1 Meter

940-3B

SKU: 153877

SCP 940 series Ultra Slim Professional HDMI cables are the best cables for connecting today's thin displays, multi-port A/V devices, and any application where low profile HDMI cable connections are desired. Our Ultra Slim 940 cables have up to 50% smaller connector housings and thin cable diameters of 4.5mm or less. These cables are lightweight and ultra flexible. For 2016, SCP has upgraded our industry popular Ultra Slim - 940 Series HDMI cables. These SCP HDMI cables have been tested to the latest HDMI cable performance protocols and are now guaranteed to comply with the TRUE 4K Ultra HD standard of 4K@60 4:4:4 (2160p), Full 18Gbps for all of our "passive" 940 series HDMI cables.
