

RadioRA 3 SUNNATA RF Companion Switch - Glacier White

RRST-RS-GL

SKU: 174902 UPC: 78427629661

SUNNATA RF Switch and RF Companion Switch

Use in place of a standard light switch to provide on/off control of lighting, as well as system control from the app, keypads, Pico remotes, sensors and other connected devices.

Features

- Soft glow helps homeowner find the switch in the dark
- Light bar brightness can be customized, including off if preferred in places like the bedroom
- Easy wiring with screw terminals; neutral wire required
- Works with 8A lighting, 5.5A or 1/4HP motor load
- Each switch installs in 15 minutes
- Single pole | multi-location
- For multi-location switching, SUNNATA RF Companion Switches offer the exact same look and feel as the primary switch
- Add up to four companion switches with each SUNNATA switch for control from up to five locations*
- RF Companion Switch does not work alone. Requires SUNNATA RF Switch
- RF connectivity enables schedule, scene and other system-controlled events
- Non-RF Switches available for rooms & lights where connected control not required (does not work with RadioRA 3 system)

Non-RF Switch ST-6ANS-(XX)

Non-RF Companion Switch ST-RS-(XX))
