VENUE SERIES

Venue Series 12" Landscape In-Ground Subwoofer

VS-12 LS-SUB

SKU: 171107 UPC: 810042170780

The Wet Sounds VS-12 LS-SUB Venue Series Landscape Sub is a 12" high-output bandpass subwoofer system designed for in-ground use. The fully-composite enclosure combined with a weatherproof port cap delivers low-bass extension and output to rival an outdoor concert. The vertical stack design allows for easy installation. The LS-SUB can be combined with any of the Wet Sounds Venue speakers to create that live music experience at home.
