Introducing the Elura S6.5ST Blue Label Series by Sonance 6.5" Zero Bezel Stereo In-Ceiling Speaker, a groundbreaking audio solution that combines seamless design with superior stereo sound. This speaker is meticulously engineered to deliver exceptional audio performance while maintaining a sleek and minimalist aesthetic.

The Elura S6.5ST Blue Label speaker features dual 6.5-inch polypropylene woofers, specifically designed to reproduce powerful and dynamic stereo sound. Whether you're listening to music or enjoying your favorite movies and TV shows, this speaker delivers immersive and detailed soundscapes that bring your audio content to life.

With a zero bezel design, this in-ceiling speaker seamlessly blend into your living space, providing a clean and unobtrusive look. The absence of visible grilles ensures that the focus remains on the audio experience while complementing your interior design.

Blue Label is the collaborative effort of Elura and Sonance (Dana Innovations), the inventor of the in-wall speaker, to create a series of premium architectural speakers. Blue Label provides realistic, true-to-recording sound in every room of your home, regardless if you are listening to music or watching a movie.
