AtlasIED

72" Suspension Chain

MCHAIN72

SKU: 25258   UPC: 612079183524

72" chain for use with AtlasIED models M1000, M1000-W, and M1000-USA. Install note: MCHAIN72 hanging chain must be looped through the M1000 hangers and then clipped to the chain again. Do not hang the loudspeaker by the hook only! Use this same "loop" technique at the ceiling mounting point, again do not hang from the hook alone!
