SKU: 174988 UPC: 78427629499

SUNNATA RF Keypads

The first keypads with the elegance of the SUNNATA light bar. Use keypads to instantly transform a space into a comfort zone by activating scenes, like pre-set levels of light, music and more.

Features

- One keypad can control groups of devices such as dimmers, light switches, ceiling fans, automated shades and other integrated devices like audio systems
- Soft glow helps homeowner find the button in the dark
- Light bar brightness can be customized, including off if preferred in places like the bedroom
- Buttons can be configured either for integrated scene control or as simple on/off toggle switch control for a light or group of lights
- Each button can be customized with personalized text or icons
- Have changeable front plastics in multiple colors to match any décor (keypads only)
- Lights gradually fade on and off with customizable fade rate
- RF connectivity enables schedule, scene and other system-controlled events
- Coming Soon: Hybrid Keypads with dimmer and keypad functionality all in one device.
