SUNNATA RF Companion Dimmer

Touch or swipe the light bar to set the lights. PRO LED+ advanced technology for superior dimming of LED, halogen, incandescent, MLV and ELV lighting.

Features

- Soft glow helps homeowner find the switch in the dark
- Light bar brightness can be customized, including off if preferred in places like the bedroom
- Lights gradually fade on and off with customizable fade rate
- Each dimmer installs in 15 minutes
- Easy wiring with screw terminals; neutral wire required
- Easy to adjust dimming range to improve bulb performance
- Works with dimmable bulbs: LED 250W, Incandescent / Halogen/ ELV 500W, MLV 400VA
- Single pole | multi-location
- For multi-location dimming, SUNNATA Companion Dimmers offer the exact same look and feel as the primary dimmer
- Light bars respond uniformly across all companion dimmers
- Add up to four companion dimmers with each SUNNATA dimmer for control from up to five locations*
- RF Companion Dimmer does not work alone. Requires SUNNATA RF Touch Dimmer
- RF connectivity enables schedule, scene and other system-controlled events
- Non-RF Dimmers available for rooms & lights where connected control not required (do not work with RadioRA 3 system)
