7" Color Touchscreen Keypad with Voice
6290W

SKU: 157469 UPC: 194160000779

The Honeywell 7" Color Touchscreen Keypad works as a high-graphic resolution touchscreen with voice annunciation which is the ideal choice to increase keypad revenue on new installations. While being an easy upgrade opportunity for existing VISTA residential and commercial installations. Furthermore the thin/sleek design will look appealing in any residence or business. The ability to add pictures and videos to the home screen lets users customize it to their own preferences or dealers can also add their company logo or message for increased awareness and referrals.

Features

- Easy to Use: Clean touchscreen display with easily identifiable icons and prompts. Critical software updates as a result of the push from Resideo or local onsite updates as a result of the 6290W SD card slot
- Authorized users can simply add and delete user codes. Backplate designed to easily update or retrofit current 6160 and 6280W installs.
