

## 1-Gang Cable Plate w/ Flexible Opening - White

45-0014-WH

SKU: 28237    UPC: 660559010891

DataComm Electronics patented Cable Plate with Flexible Opening is used to install low voltage cables behind your panel TV, your amplifier or other audio video devices. This Cable Plate allows you to pass low voltage cables through the wall, while keeping the opening in the wall covered.

### Features

- Low profile design fits behind the industrys thinnest mounts and TVs
- Conceal multiple low voltage cables behind your flat panel TV
- Holds up to 12 cables
- Available in 4 colors (black, ivory, lite almond, white)
- Quick and easy to install
- Mounting wings are molded into the media plate and fasten tightly against the back of the drywall
- No low voltage mounting plate or old work ring required
- No additional parts necessary

<b>Model:</b>	
Brand	DataComm
Model	45-0014-WH
<b>Details:</b>	
Type	Cable Management
Color	White
<b>Specifications:</b>	
Other	One-gang cable plate Holds up to 6 cables ETL Listed Mounting wings are molded into the cable plate and fasten tightly against the back of the drywall Mounting wings are designed for use in walls up to 1" in thickness No low voltage mounting plate or old work ring required Center portion of cable plate is made of flexible plastic that allows multiple cables to pass through the plate
