

40-42 Space Forward Full Height Utility Light, White w/ Dimmer & IR Sensor

FWD-LT-UTL-41-42-D

SKU: 167869 UPC: 65674738447

You no longer need to choose between servicing a black rack in a dark room or working one handed as you juggle a flashlight. Simply add Forward Utility Lighting to your BGR.

Forward Utility Lighting illuminates the full height of the enclosure with bright white light at an optimal angle for unmatched visibility that will allow you to get the job done in a fraction of the time because, now you can see.

If you think you're swapping service convenience for pain of installation- think again. Forward Lighting- like all Forward accessories- mounts without hardware. See the difference in seconds.

Feature

- Drop into Lever Lock; compatible rackrail brackets on a BGR Series enclosure for quick tool-free installation
- Includes (2) full height bright white lights
- Unmatched visibility with lighting fixed at an optimal 45° angle facing into the enclosure
- Includes IR sensor for automatic on/off with the door
- Includes dimmer allowing you to set the light brightness to your preference
- Includes UP1 panel to mount IR/Dimming module on the rackrail
- Mount anywhere from front to rear
- Includes all hardware for mounting in any other Middle Atlantic enclosure
