SKU: 169159   UPC: 820043006537

PowerSeries Pro Control Panel Kit w/CP01

Features

- Secures any mid-large commercial installations without the need for wires on sensors or keypads
- Expandable up to 248 total zones, including a maximum of 128 wireless zones
- Robust PowerG technology provides long-range wireless encrypted communications with two-way 128-bit AES encryption technology
- Superior on-board power, on-board ethernet and modular communicators ensure long-lasting value
- Simple to install with different interfaces for hardwired keypads (touchscreen vs. LCD), local installation app & removable terminal strips
- For added reliability and to prevent tampering, PowerSeries Pro is equipped with triple-end-of-line capability for hardwired zones, and anti-masking for wired and wireless zones
- Saves time during system take-overs with programmable end-of-line hardwired zone resistance
- Dramatic reduction of truck rolls thanks to remote diagnostic, inspection and maintenance tools
- ULC Wireless Commercial Burglary Listing 1, 2 and 3
- Easily integrates with alarm.com and other third-party integrators including Building Management Software (BMS) and access solutions
- PowerSeries Pro panel supports LUX KONOzw smart hub thermostat (requires Alarm.com communicator). Available in USA and Canada

WAVE ELECTRONICS
