

Assure Lock Keypad w/ Zigbee - Satin Nickel

YRD216-HA2-619

SKU: 177584

Unlock and lock your home with ease from the backlit keypad. Create unique entry codes for friends and family and remove codes whenever you need to. This Assure Lock features ZigBee technology and seamlessly integrates into most ZigBee home automation and security systems including Xfinity Home and Samsung SmartThings. When added to most ZigBee automation and alarm systems, manage your door lock from anywhere using your smartphone and ensure your home is always locked when you need it to be. Works with Amazon Echo Plus, no additional hub required. *Features may vary based on ZigBee controller.

Features

- Unlock your door without keys by entering your code on the lock's backlit keypad; Lock the door behind you by pressing any button or by enabling Auto Relock.
- Enable Auto Relock to ensure your door always locks behind you - Disable it at any time from the lock menu.
- Lock and unlock your door from anywhere by adding the lock to a compatible Zigbee smart home or alarm system including Xfinity Home. Requires compatible hub.
- Comes with two physical keys for added peace of mind
- Never hid a key again, create unique entry codes for the people you trust. Delete codes anytime you need to.
- Replaces your existing deadbolt in minutes on standard doors, 1-3/4" to 2-1/4" thick with just a screwdriver. The free BILT app walks you through installing your lock.
- Matches your existing hardware's finish and pairs with contemporary or traditional knobs, levers and handlesets.
- Features a BHMA Grade 2 certified deadbolt that's fully motorized and super quiet.
- Don't worry about marking your door, the lock has a rubber gasket to protect your door's finish.
- The lock's keypad is backlit so it's easy to see at night and the numbers won't wear off
