Middle Atlantic Products

Rack Mounted Power Strip w/ 2-Stage Surge Protection & Remote Status Notification, 20 Outlet

PDT-2015C-RN

SKU: 29406   UPC: 65674712977

The Middle Atlantic PDT-2015C-RN 20 Outlet Power Strip adds power management to your rack while conserving space.

A J-Box available at the bottom of the 15 Amp power strip conceals electrical connections from sight and meets the code requirements in select areas. AC magnetic fields are eliminated via a 9' (2.74m) SignalSafe power cord that is compatible with the NEMA 5-15P plug. Corrosion prevention is provided via a black anodized finish.

The PDT-2015C-RN Thin Power Distribution is pre-wired with a 12-gauge wiring and can be connected to a 20 Amp branch circuit. The power distribution unit integrates 2 stages of surge and spike protection, with remote status notification and LED status indicators.

Features
