

5M 8K Fiber Ultimate High Speed HDMI Cable - 5 Meter

EHV-HDG2-005

SKU: 169717 UPC: 86429411153

Velox's ultra-premium construction and high-tech engineering results in clean, reliable performance for the demands of higher bandwidth 8K/10K content in long runs. These ultimate high speed hybrid technology fiber HDMI cables with Ethernet are engineered with bandwidth capability up to 48Gbps for 8K content.

Features

- 48Gbps bandwidth for uncompressed ultimate high speed video performance
- Supports up to 8K/10K resolutions, designed at 12Gbps per channel x 4 channels
- ARC, eARC and Ethernet supported up to 10 meters (32.8 feet)
- Supports all color subsampling
- Supports Dynamic HDR
- Backward compatible with HDMI 2.0, HDCP 2.2 and all earlier versions
- 24K gold plated, corrosion-resistant contact connectors
- Multi-layer shielding to prevent electromagnetic interference, maximizing noise isolation and protecting components from HDMI ultra-low speed emanations
- CL-listed for in-wall installations
- Includes USB cables for external power
- Attachable screw locking connectors included
- Lifetime warranty
