

## 3M Temflex 7mil Vinyl Tape

3M1776

SKU: 172883    UPC: 5112858442

3M Temflex Tape 1776 is a 7 mil thick, economical, general purpose, vinyl, insulating tape that is made in the USA. It provides primary electrical insulation for all wires and cable splices up to 600V and excellent mechanical protection with the combination of a rubber resin adhesive and PVC backing. This flame retardant tape withstands a temperature range of 32 to 176 °F (0 to 80 °C) and is highly resistant to moisture, alkalis, acids, copper, corrosion and varying weather conditions. This tape is ideal for harnessing cables/wires and indoor/outdoor applications. CSA Certified, UL Listed and RoHS 2011/65/EU Compliant?.

### Features
