

## 16-Watt 70V/100V 4" 2-Way All Weather Speaker - White

SM42T-WH

SKU: 25556    UPC: 612079187218

All AtlasIED Strategy Series speaker systems are designed to provide high fidelity, long life and installation convenience for commercial and residential applications. Because of their weather-resistant properties they are perfect for use indoors or out. The SM42T includes a 4" woofer and 1" tweeter as well as an integrated 70.7V / 100V transformer and 8 $\Omega$  bypass for direct coupled applications.

Use surface-mount AtlasIED SM42T Series speaker systems for commercial, professional and residential applications or where high-fidelity sound and weather-resistance is desired. Full-range frequency response makes these systems ideal for indoor and outdoor installation, in monaural and stereo foreground or background music systems, and for applications in boutiques/shops, restaurants/cafes, corporate AV applications and houses of worship. Multi-position, C-shaped mounting bracket and rugged construction provide optimum installation flexibility and assurance of long-term service.
