

1" E-Loc Coupler for 1.315" Conduit

COUP-EL131

SKU: 65305

E-Loc couplings feature a strong PVC outer shell with a flexible polyurethane elastomer inner sleeve. This unique lining enables both smooth and corrugated duct to be joined together. E-Loc® couplings provide a watertight and airtight connection that will not separate under normal installation. Available in 3/4" to 6" standard Iron Pipe Sizes (IPS) plus 1" and 1-1/4" corrugated.
