

Artison

Sketch LCR Speakers

S-LCRDM-MK2

SKU: 74111 UPC: 827531002361

Artison Sketch Left/Right/Center Speakers are state-of-the-art loudspeakers with patented Center Channel technology that creates precise placement of center the channel image. Two enclosures contain four separate cabinets: two Center Channels one Left Channel and one Right Channel. This unique design delivers a center channel experience that appears to come from the middle of the screen without creating any additional wall clutter.
