800 Compact High-Definition Satellite Speaker

PMON800BK

SKU: 55166 UPC: 93207022654

When you need big sound from a small speaker, the ProMonitor delivers. Weighing in at just 4 lbs. these conveniently sized marvels offer the rich warmth and engaging audio image you'd expect from much larger speakers. But they're easy to place in your room-mount them on a wall, shelf, or stand. Single Speaker - Sold Individually - Purchase Two for a Pair.

Features

- Single ProMonitor bookshelf speaker
- Equipped with one 4.5-inch cast basket bass/midrange drivers coupled to one 4.5-inch pressure-driven planar low-frequency radiators
- Frequency response: 57Hz - 30kHz
- Equipped with one 1-inch pure aluminum dome tweeter
- The high quality finish is available in gloss black or gloss white
