

1 3/4" Hole Saw Plate - White

45-0006-WH

SKU: 63347 UPC: 660559008249

Important Notice: This product is special order only. It is non-cancellable and non-refundable.

DataComm Electronics 1 3/4" Hole Saw Plate is used to conceal low voltage cables behind smaller home theater and security equipment. The Hole Saw Plates low profile design is ideal for concealing connections to components such as speakers, cameras, and other similar applications. Metal mounting wings are molded into the plate, creating a secure hold and eliminating the need for a mounting bracket.

Feature

- Low profile fits behind the industry's thinnest mounts and TVs
- Conceal low voltage cables that connect speakers, surveillance cameras, small displays and other components
- Face plate dimensions are 2" x 2"
- Brush opening dimensions are 0.77" x 0.87"
- Ideal for HDMI, security, or speaker cable pass-through
- Metal mounting wings are attached to the plate for a secure installation
- No low voltage mounting bracket required

Item Weight	15.1 pounds
