

General Purpose Plug-In Appliance Module - Snow

RR-15APS-1-SW

SKU: 36126 UPC: 027557975674

RadioRA 2 is a wireless total home control system. This energy-saving system gives you the ability to adjust the amount of daylight and electric light (using light controls and automated shades) as well as temperature in a single room or throughout your whole home. The system also turns off standby power to small appliances when they're not in use.

Features:

- Plug-in modules are simple to install and easy to use
- They can be hidden behind furniture or appliances
- Functions much like standard lamp dimmers
- Also incorporates advanced features such as fade on/fade off, delayed long fade off and rapid full on
- 1 year limited warranty
