

300Mbps Universal Wi-Fi Range

TL-WPA4220KIT

SKU: 71887    UPC: 845973032579

TP-Link's Powerline Wi-Fi Extender is a combined wired/wireless network expansion device. With the help of your home's existing electrical circuitry, it can extend your Wi-Fi to wherever you want in your house. Ethernet ports and built-in antennas enable the powerline Wi-Fi extender to provide wired and wireless access for multiple computers and mobile devices. With an array of additional features, the powerline Wi-Fi extender is the perfect choice for your home or business network.

#### Feature

- One Touch Super Range Extension - Wi-Fi Clone Button simplifies your Wi-Fi configuration and helps build a seamless unified home network
- HomePlug AV standard compliant
- Extend 300Mbps wireless connections to previously hard-to-reach areas of your home and office\*
