Flagship Hi-Fi Headphones

AH-D9200

SKU: 173075 UPC: 883795004657

Denon AH-D9200 Flagship Hi-Fi Headphones. The Flagship of award-winning Denon headphones, the AH-D9200 features proprietary 50mm FreeEdge drivers, Neodymium magnets and naturally dampening Japanese bamboo wood housing. Enjoy impeccably clear, distortion free sound in a design that is as elegant as it is ergonomic.

Unique FreeEdge drivers cancel out unwanted resonances in the diaphragm to provide detailed, accurate sound. These soft, compliant surround materials make it easier for the drivers to move in response to the music signal without flexing or distorting, for the purest possible sound.

Features

- Flagship sound
