

SmartOnline 1.2kW Double-Conversion UPS

SU1500RTXL2UA

SKU: 39215 UPC: 3733212597

True on-line systems protect against blackouts, brownouts, spikes and line noise. Hot-swappable batteries assure 100% uptime. USB and/or DB9 communication ports work with FREE included PowerAlert Software to provide automatic, unattended shutdown and complete power network management. Tripp Lite's PowerAlert Software can manage every UPS from every manufacturer. Diagnostic LEDs or LCD display provide advance warning of potential power problems before equipment is affected.

Features:

- Hot-Swappable Batteries Assure 100% Uptime
- FREE PowerAlert Software Included
- Pure Sine Wave Output with Zero Transfer Time to Battery
- Precision Voltage Regulation
- Expandable Runtime with Optional External Battery Packs
- Rack/Tower and Tower Cabinet Designs
